

6X20 SCREENPLANT WITH BLENDING GATES

For producers that demand multi-product screening, the 6x20 Screen Plant with Blending Gates allows producers to produce up to four products simultaneously, with either absolute sizing or custom material blends. Oversize material can be blended, stockpiled, or returned for further reduction.

PRIMARY FEATURES

- » 6x20 three-deck, triple-shaft screen.
- 1 Each screen deck features four blending gates allowing a wide range of custom product mixes to meet specific product needs.
- 2 Features screen service platforms for both sides of the screen that remain on for transport.
 - » Hydraulic lift and leveling system enables quick and easy set up and tear down with 4-leg system and optional run-on legs.

ADDITIONAL FEATURES

- » Complete screen plant system. Just add radial stacking conveyors for stockpile capabilities.
- » Produces up to four products simultaneously, three with absolute sizing, or return the oversized product for further reduction.
- » The bottom and middle deck cross conveyors can be mounted to discharge material to either side of the plant.
- » Rollaway blending chute system allows for easier screen cloth changes and maintenance.
- » Includes all-electric motors and electrical cords.
- » Functions with controls built into our primary crusher for system integration or with an optional independent control system for stand-alone operation and easy integration into custom systems.

6x20 SCREEN PLANT WITH BLENDING GATES

The bottom and middle deck cross conveyors can be mounted to discharge material to either side of the plant.

Includes all-electric motors and electrical cords.
